

The Senior Living Forum

presents

Dementia Care: Symptoms, Treatment, Best Practices... and Changing Culture in the Adult Care Continuum

Tuesday, April 5, 2016

2:45pm – 6:00pm

Frontenac Hilton – The Frontenac Room

1335 S. Lindbergh Blvd., Frontenac, MO 63131 (see attached map for parking)

Agenda

2:45pm to 3:00pm – **Registration**

3:00pm to 4:00pm – **Hot topic**

4:10pm to 5:10pm – **Hot topic**

5:10pm to 6:00pm – **Drinks, heavy hors d'oeuvres and networking with your peers**

Join the Senior Living Forum Affiliated Partners as they present information on managing dementia, with and without medication, and on how to change culture to provide meaning and purpose to residents.

Topics for discussion are:

- **Five Star Quality Dementia Care: How to Manage Behaviors and Psychological Symptoms With and Without the Use of Drugs**
Dr. Milta Little, DO, CMD, *SLUCare*
- **Culture Change: A Path to Quality of Life for Elders**
Joan Devine, Board President, *MC5*

Learn how to define dementia, distinguish it from delirium, and manage its symptoms successfully with non-pharmacologic programs or medication alternatives to antipsychotics. Learn best-practices for medication utilization in the management of dementia. Also, learn how to change the culture of your organization to support resident choice and autonomy and to provide meaning and purpose for elder residents in a directed environment. Understand the role of leadership in supporting a resident directed culture. You will not want to miss this very timely seminar from experts in the industry as well as the opportunity to network with your peers!

In addition, we will be offering **2.0 Patient Care CEU's**, approval pending.

For details and to RSVP, please contact Tiffany Maggard at (636) 489-0191 or e-mail tiffanym@heffins.com requested by Friday, April 1, 2016.

All owners, administrators and healthcare staff will not want to miss this informative update! If you know someone that is interested in attending this seminar, please extend the invitation.
